### When I found Jesus...

I did everything I could to convince myself Jesus was not Lord, however after about 2 years of this, at age 14 I gave my life to Christ and was baptized. I stumbled on and off of the path God wanted for me through highschool, but at age 17 God set me straight and began to reveal my call to ministry. I then surrendered to ministry at age 18, in 2022.

### My Burden is....

For the 70% of Christians who do not share their faith in the span of a year. Evangelism is much more than leading a stranger to the Lord, it should be one aspect of everything we do on a daily basis. My desire is to help equip people to apply this in their Christian walk.

### God's Called me to...

Help others grow in all aspects of evangelism. right now this is visible in my role as South-Central OBP Director sent out by Alvin Missionary Baptist Church, to equip others in evangelism, preach on behalf of the OBP, host evangelism outreaches, and raise support for the Project. I also am blessed to say I am the social media director for Outreach Bible Project. To learn more about my ministry, check out my website and monthly newsletter linked below.

If you have any questions, or would like to hear more about my ministry, I would be love to come to you and share our work.

## Colossians 3:17

And whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him.

I have been feeling some conviction regarding Colossians chapter 3, because it directly relates to our identity in Christ; and the application to this is seen within v. 17. The reason I include this within my introduction letter is to share with you the root of my burden which I have already alluded to.

Evangelism is not an activity, it is meant to be a part of everything we do as Christians. Everything we do should glorify God in a way that even and especially non believers take notice, and have to acknowledge. I have been asking myself, "in what ways could I be a brighter light in the eyes of the lost folks I interact with daily?" and I want to encourage you to ask yourself the same question.
